

We are in the middle of our European summer alpinism season, enjoying many great climbing trips, though our **ski touring adventures** during late winter/spring in New Zealand are approaching fast. If you are interested in a ski tour towards the end of September and/or anytime through October for some fun on the snow, "give us a bell" - now is a good time. Should you know somebody who might be keen: please pass this on. Don't hesitate to get in touch for details or help to get your very own back country ski touring / snow boarding trip happening.

Our Wanaka office shall be open again upon our return to paradise on the 6th September but until then you can reach us anytime through email. Chief mountain guide Gaz is still busy for another few weeks on guided ascents and climbing instruction courses in Switzerland. For now: happy and safe adventures! Iris & Gary
